

Reviewing Foundation fund balances and getting accounting string information

When Foundation voucher forms or expense reports (being paid with Foundation funds) come in, they often have the department signatures, but ensure that Mark Gambaiana has signed on the Executive Secretary line. If not, the voucher needs to go up to the Advancement Office, MC205. The signatures on Foundation vouchers should follow the signatures needed for University requisitions. Some of the foundation vouchers will need to be forwarded to purchasing AFTER you've confirmed the fund's available balance, written the accounting string on the voucher, and updated the Access log from AP to PO. Put vouchers that need to be turned into POs in Purchasing Supervisor's inbox. If she is on vacation, put them in Purchasing Buyer's inbox.

The foundation fund numbers are: 2xxxxx1, 6xxxxx1, 190412, and 410021. 190412 is referred to as the Truman Fund for Excellence or the unrestricted fund. 410021 is the loan fund. Funds that begin with a 6 are endowment, and funds that begin with a 2 are restricted for a particular purpose but they are not endowments. All of the Foundation fund numbers are six digits. The Foundation accounting string follows the same premise as with University accounting. The program and account numbers are often the same for both Foundation & University but there are some expense accounts with different numbers, so you'll need to confirm the numbers.

The image shows a PDF document titled "TRUMAN STATE UNIVERSITY FOUNDATION" with the address "McCLAIN HALL 100 KIRKSVILLE, MO 63501 816-785-4133". The document is a "Payment Voucher" dated 12/27/12. It contains the following information:

PAY FROM:
Account Title: Truman Fund for Excellence
Account Number: 190412/105007/72401/54
Line Item: _____

PAY TO:
Name: State Farm Insurance Companies
Address: PO Box 680001

The Advancement office gets a budgeted allotment of money for spending through the unrestricted fund 190412 (Truman Fund for Excellence). If the foundation fund on the voucher is 190412-and an organization isn't 106001, go the FGIBDST, type chart F, current fiscal year, uncheck box next to Uncheck Revenue Accounts, enter fund 190412, and change organization number to the applicable number. Click Next Block. The current available balance appears in the bottom right corner. If the fund is 190412 and the organization number is 106001, then follow the steps in the next example. Sometimes the department will list the organization number instead of the fund number associated with 190412. All of the organization numbers associated with fund 190412 start with 10xxxx.

This is an insurance payment example and these payments are processed on varying schedules (sometimes only once or twice a year), so I recommend looking at the vendor history to determine the invoice number to be used rather than guessing.

Go to FGITBSR, type in the six-digit fund number, click next block and take the current available balance less encumbrances. This example doesn't have encumbrances. The next example has encumbrances. In this case, the available fund balance is \$39,497.30. The available fund balance must exceed the expense amount on the voucher. If the current fund balance is not a credit balance, do not process the voucher and ask Angela or Terrie to look at the balance.

Finally, we sometime have vouchers in which the Truman State University Foundation is paying Truman State University. In these cases, the only important thing to note is that the expense account when entering the invoice is 82112 (Transfer Out to Truman). When entering the invoice payment, it is important to note the University accounting string. The account number in the description is always 58116 (Revenue from Foundation). In the example below, the description could be: "1110-226501-58116-11 V029305 R Sallans." During audit reviews, people always check to make sure the amount in the Foundation's 82112 expense account matches the amount in the University's 58116 revenue account.

Special Note: If the foundation voucher has no accounting information provided or a strange accounting number listed do one of two things. Let's say 160010 is written in the account section and Baseball is on the account title line. Go to ADADESG (designation) type the number and Next Block. Confirm that the name matches what is written on the account title line (it likely won't match exactly). Click the Finance Information tab to get the finance fund, organization, and program numbers. You'll still need to determine the appropriate expense account.
